

## Directions for Setting Up the Magnus Mobile v2 app

1. Log into your [MICDS Magnus account](#) using your MICDS Parent Portal credentials
  - a. <https://secure.magnushealthportal.com/vclogin/login.jsf?schoolID=663641>
2. Hover over your name within Magnus (top left of your screen)
3. Choose "Change Credentials"
4. Leave your Username BLANK but create a password of AT LEAST TEN CHARACTERS. This password is for use in the mobile app only.
5. Download the "Magnus Mobile V2" App from the Apple or Google Play store
6. Login using your same MICDS username but the new mobile app password you just created
7. Look for the MICDS Daily COVID-19 Screening
8. Take your child's temperature and complete the screening daily by 7:30 a.m. on days your child will attend school

### FAQs regarding the Magnus Daily Screening:

***If I completed the Daily Screening but my child is carpooling or driving themselves to school, how can they show the completed screening checkmark?***

- Send your child or the person driving the carpool a screenshot of the green checkmark screen daily to show as they go through the morning carpool.
- If you have an Upper School student, they can download the app and login into your family account using the same credentials to complete it daily.

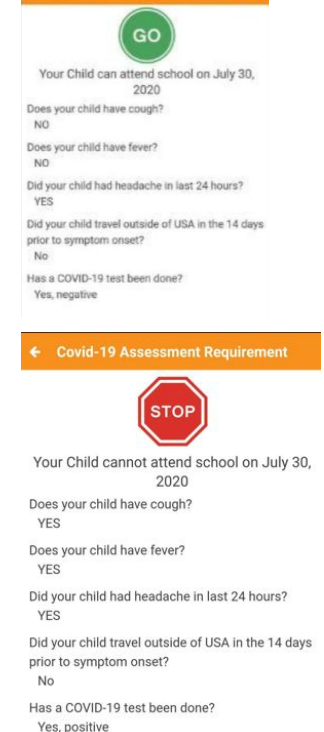

***Will the Magnus Daily COVID-19 Screening be used by Athletics as well?***

- No, per St. Louis County guidelines, Athletics must keep their own screening records. Therefore, Athletics will continue to use the QR Code linked to the Google Form that they have been using for Athletic practices and will continue to take temperatures as they have been doing already.

***What happens if I forget to fill out the screening in the morning?***

- If you come through the Lower or Middle School carpool lines without completing the check, or if your Upper School student arrives without completing it, your child will not be able to enter the building until it is completed.

***We appreciate your cooperation to ensure the safest and healthiest environment possible for all students. Health Services and administration will monitor completion of the screenings and follow up with families who are non-compliant.***
